In vernalis temporis  
ortu laetabundo,  
dum recessum frigoris  
nuntiat hirundo,  
terrae, maris, nemoris  
decus adest deforis  
renovato mundo,  
vigor redit corporis,  
cedit dolor pectoris  
tempore iucundo.

*In the time when  
spring rises joyfully,  
the end of frost  
is heralded by the swallow,  
earth, sea and grove  
is full of beauty  
like a renewed world,  
the body regains strength,  
the sorrow of the heart ends  
in this playful time*

Lyrics by Morten Børup, 1446-1526, headmaster at the grammar school of Aarhus. The song was published with an anonymous melody in *Piae Cantiones* by Theodoricus Petri, Greifswald 1582.
